6. New Business
7. Adjourn

March
Monthly Report
Parks and Recreation

4/13/2017

Assisted Parks Dept. with removal, cleaning and folding of the ice rink liner.

Faulty water flow shutoff switch has been replaced.

Purchased new Red Cross swimming lesson program.

New flow meters for the small filter unit were purchased to replace two non-function meters.

Vacuum and pressure gauges have been ordered to replace non-functioning gauges in the filter room.

Met with Tom Otto of Advanced Automation & Controls, Inc. to discuss options for notification when the pool filter room drops below a predetermined temperature. The current system failed when the furnace did not work properly.

Option 1 is to piggyback off the Water Departments SCADA system.

Option 2 is to use a cellular connection.

Preparations are being made to drain, clean and spot paint the pool for summer operations.
