

**STREETS & ALLEYS COMMITTEE MEETING MINUTES**  
**January 14, 2004 – 7:00 P.M.**

Chairman Berg called the meeting to order at 7:07 p.m. Committee members present were Aldermen Berg, Marzahl, Bellon and Perkins. Also present was Alderman Dikun.

**Bill Hartwig - Overnight On Street Parking 203 S. Ayer St.**

Bill Hartwig addressed the Committee with respect to his request for overnight on-street parking for his property located at 203 S. Ayer St. The general consensus was that this presented a genuine hardship because the property consists of less than a half a lot and that the island concept would disrupt existing parking.

Moved by Perkins, seconded by Bellon to recommend to the City Council that an ordinance be drafted to approve the request for (2) resident only parking spaces which would allow for overnight parking, with the cost of the signs and installation to be paid for by the property owner. All ayes. Motion carried four to zero.

Moved by Perkins, seconded by Marzahl to adjourn the meeting. All ayes. Motion carried.
